

## **Streamlining Phase II Clinical Trials for Alzheimer's Disease Therapies**

Hilton Executive Meeting Center  
1750 Rockville Pike Rockville, Maryland

November 30, 2010

**8:00 a.m. Registration and Breakfast**

### **WELCOME**

**8:30 -8:45 a.m. Welcome and Introductions**

- Dan Perry, ACT-AD
- Sue Peschin, Alzheimer's Foundation of America
- Howard Fillit, Alzheimer's Drug Discovery Foundation

### **PRESENTATIONS**

**8:45 -9:00 a.m. Review of Clinical Trial Issues in Recent and Current Phase II Alzheimer's Disease Trials**

- Rachelle Doody, Baylor College of Medicine

**9:00-9:15 a.m. Update on Refinement of Cognitive Scales**

- Jeremy Hobart, Peninsula College of Medicine and Dentistry, United Kingdom

**9:15 -9:35 a.m. Update on AD Consortium Efforts to Investigate Imaging and Biomarkers**

- What investigators are learning
  - Les Shaw, University of Pennsylvania
- How are discoveries becoming operationalized in clinical trials
  - Ron Black, Pfizer

## PANELS

### **9:35 -10:35 a.m. Potential Alzheimer's Disease Phase II Trial Designs for Disease – Modifying Compounds**

Discussion Leader: Rachelle Doody, Baylor College of Medicine  
Participants: Martin Farlow, Indiana University School of Medicine  
Howard Feldman, Bristol-Myers Squibb  
Anthony Gamst, UCSD  
Russell Katz, U.S. Food and Drug Administration  
Rachel Schindler, Pfizer

- Translation of clinical research into clinically meaningful outcomes
  - Establishing a clinically meaningful effect recognized by regulators
- Biomarker implementation and best practices
  - Establishment of consensus in the field for endorsement of biomarkers in AD
- Principles of Phase II design to better inform Phase III
  - Other options to lengthy trial durations or endorsed biomarkers

### **10:35-11:00 a.m. Q&A**

### **11:00 -12:15 p.m. Biomarkers: Purposes and Use**

Discussion Leader: Reisa Sperling, Harvard, Brigham and Women's  
Participants: Cliff Jack, Mayo Clinic  
Dale Schenk, Elan  
Les Shaw, University of Pennsylvania  
Eric Siemers, Eli Lilly  
Marc Walton, U.S. Food and Drug Administration

- Challenges faced in research and development
- Opportunities for changing the treatment landscape

### **12:15-12:45 p.m. Q&A**

## CLOSING

### **12:45-1:00pm Concluding remarks**

- Dan Perry, ACT-AD
